STUDENT OUTCOMES		
Through the PSU experience, we aim to help students become...		
Capable	Connected	Contributing
Graduates of PSU are knowledgeable in their discipline(s) of study and demonstrate the ability to think critically, engage information from multiple perspectives, and communicate clearly and effectively. Students develop a self-awareness to know their personal strengths as well as recognizing areas for improvement. They are oriented and prepared for lifelong learning.	Graduates of PSU are empathetic, responsible citizens that seek opportunities to engage with others. They are able to initiate conversations, build meaningful relationships, serve the needs of others, effectively work on teams, and develop a sense of belonging at PSU and the community beyond.	Graduates of PSU are thoughtful and compassionate civic leaders that seek to use their talents, knowledge, and resources to address problems and serve others with the awareness to be adaptable, creative, and globally-minded across a variety of settings (school, work, home, community). They embody the PSU motto: Ut Prosim (that I may serve)
